

# Medusa

## Surface & Pendant

## Downlights

MEDUSA is designed to suit the needs of hanging fittings or surface mounted fixtures. Its elegant and proportional style combine with high performance and safety aspects. New generation high performance metal halide lamps produce quality light color, Medusa is designed for these lamps, combined with high efficiency vacuum anodize reflectors.

### Description

**Body:** Manufactured with 3 mm thick aluminum extrusion. End caps are aluminum injection and coated with min. 80 micron epoxy polyester powder paint.

**Reflector:** Manufactured with high pure aluminum product by vacuum anolized and various angles upon their special shape.

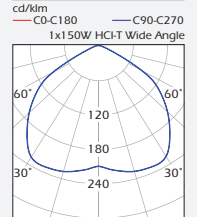

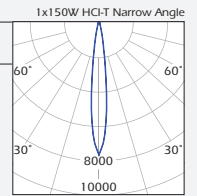

Code	Lamp	Color
<b>Narrow Angle Reflector</b>		
MDS 35 D	1x35W HCI-T	White
MDS 70 D	1x70W HCI-T	White
MDS 150 D	1x150W HCI-T	White
MDS 35 D	1x35W HCI-T	Gray
MDS 70 D	1x70W HCI-T	Gray
MDS 150 D	1x150W HCI-T	Gray
<b>Wide Angle Reflector</b>		
MDS 35 G	1x35W HCI-T	White
MDS 70 G	1x70W HCI-T	White
MDS 150 G	1x150W HCI-T	White
MDS 35 G	1x35W HCI-T	Gray
MDS 70 G	1x70W HCI-T	Gray
MDS 150 G	1x150W HCI-T	Gray

### Box Dimensions

Inside box 1 PCS  
MDS 225x225x435

### Weight

MDS 70W 7.150 gr  
MDS 150W 7.600 gr

**Protection: IP20**

### Description

To be used on surface ceiling applications top cover is injection aluminum.
